

Skillmine “AUTH” Proposal for Agilus Diagnostics

All Users, All Apps, All Devices - Just One Authenticator!

V4.1 – 2nd July 2025

Version 4.1

CONFIDENTIALITY

This document contains confidential and proprietary information of Skillmine. Agilus Diagnostics Ltd may not disclose the confidential information contained herein to any third party without the written consent of Skillmine, save that Agilus Diagnostics Ltd may disclose the contents of this document to those of its agents, principals, representatives, consultants or employees who need to know its contents for the purpose of Agilus Diagnostics Ltd evaluation of the document.

Agilus Diagnostics Ltd agrees to inform such persons of the confidential nature of this document and to obtain their agreement to preserve its confidentiality. As a condition of receiving this document, Agilus Diagnostics Ltd agrees to keep this information, confidential as it takes with respect to its own confidential information. This confidentiality statement shall be binding on the parties for a period of two (2) years from the issue date stated on the front cover unless superseded by confidentiality provisions detailed in a subsequent agreement.

TERMS & CONDITIONS

This Commercial Proposal is valid until **31st July 2025** and is subject to Skillmine's standard terms and conditions which are available on request. Skillmine reserves the right to vary the terms of this document in response to changes to the specifications or information made available by Agilus Diagnostics Ltd. Submission of this document by Skillmine in no way conveys any right, title, interest or licence in any intellectual property rights (including but not limited to patents, copyrights, trade secrets or trademarks) contained herein.

All rights are reserved. Skillmine does not assume liability for any errors or omissions in the content of this document or any referenced or associated third party document, including, but not limited to, typographical errors, inaccuracies or out-dated information. This document and all information within it are provided on an "as is" basis without any warranties of any kind, express or implied. Any communication required or permitted in terms of this document shall be valid and effective only if submitted in writing.

LIMITATION OF LIABILITY

Under no circumstances shall Skillmine be liable for any indirect, special, or consequential loss, damage, claims, liabilities, charges, costs, expense or injury (including, without limitation, loss of use, data, revenue, profits, business and for any claims of any third party claiming through Skillmine) that may arise out of or result from the purchase order placed by Agilus Diagnostics Ltd on Skillmine as per this proposal.

Agilus Diagnostics Ltd agrees to defend, indemnify and hold Skillmine, harmless against all suits, claims and proceedings made by a third party to the extent such suit, claim or proceeding alleges any infringement by Agilus Diagnostics Ltd of any intellectual property rights, and gives Skillmine the sole and full right to control the defence or negotiate the settlement of such claims, fully cooperates with Skillmine in such settlement or defence of such claims, and does not make any admissions which affect defence of the claim and does not settle the claim without the Skillmine's consent. Agilus Diagnostics Ltd shall bear the expense of any such defence and pay any damages and legal fees that are attributable to such suit, claim or proceeding.

Executive Summary

Executive Summary

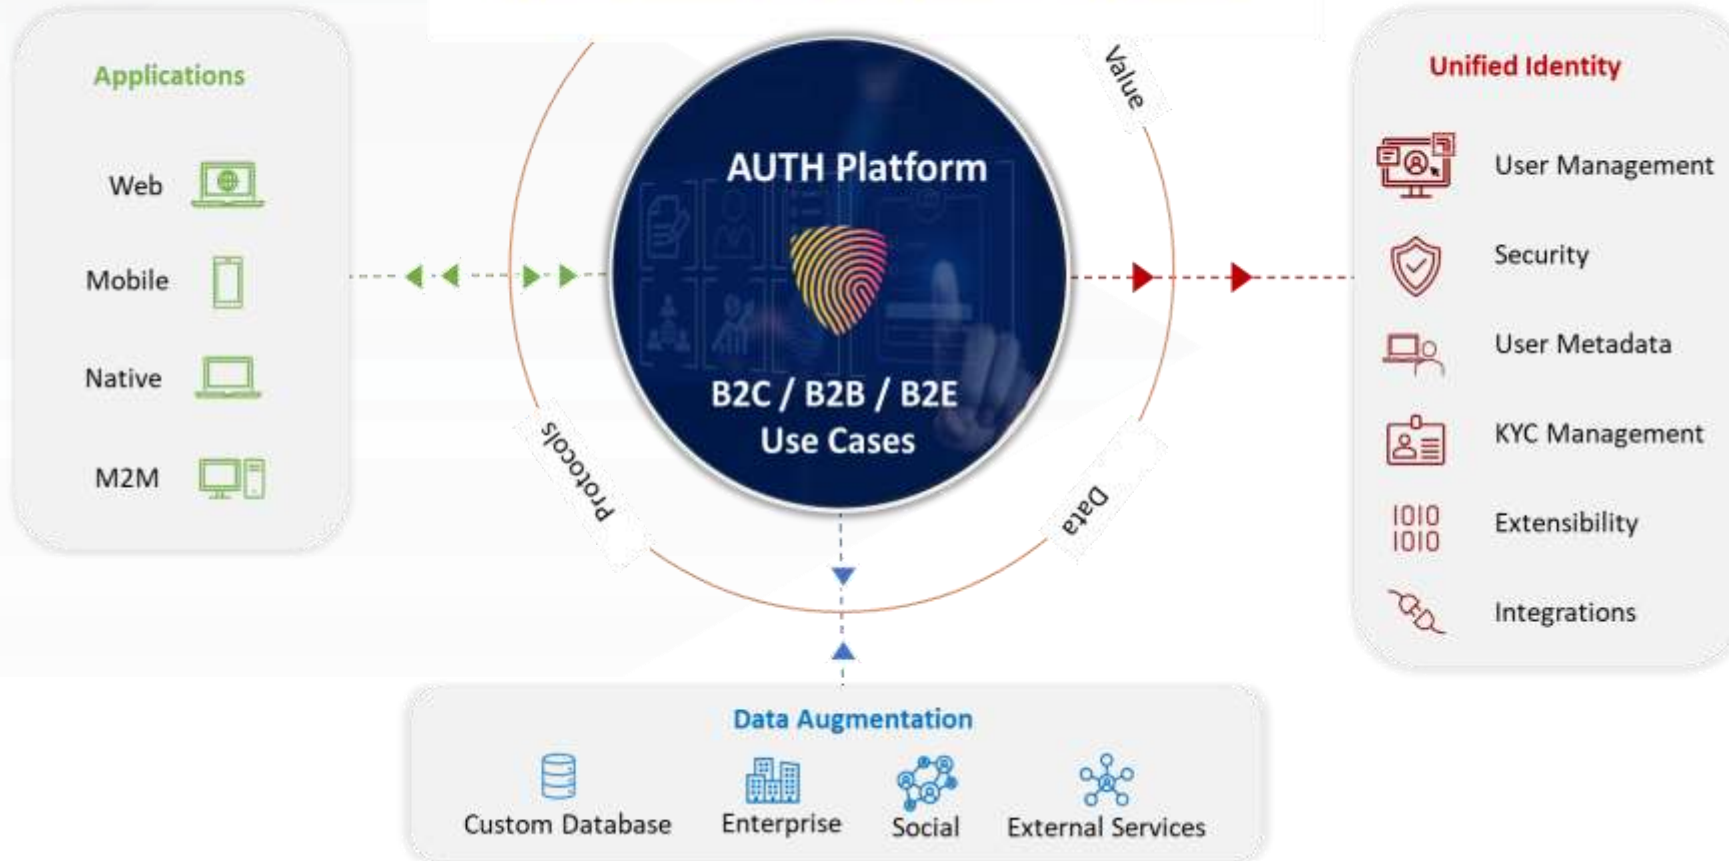

Skillmine welcomes this opportunity to provide **Agilus Diagnostics Ltd**, a proposal to facilitate Unified Authentication across different business applications using our Solution – **AUTHENTICATOR!**

Our below Customer-Promises provides a robust and disruption-free Unified Authentication & Single-Sign-On with our Products & Solutions. We make below commitments:

- ❖ Our Product has evolved over 5 years of Research & Development of the Authentication & SSO best practices with a mix of evolving technology trends.
- ❖ The Solution is built with Robust & Secure Architecture on open-source Java platform and Built for Performance & Scale for Enterprise usage.
- ❖ The Solution will be implemented **On-Prem** by our Experts.
- ❖ Requisite Training will be provided to the Agilus Diagnostics Ltd team to develop an Operational Run Book for the same.
- ❖ This Solution is proposed to be delivered on a **Perpetual Licensing Model** for Agilus Diagnostics Ltd.

Skillmine AUTH - Overview

A FLEXIBLE IDENTITY AND ACCESS MANAGEMENT SOLUTION.

- ❖ A comprehensive **Authentication solution** for accessing any integrated business application(s) since you sign in only once (**Single-Sign-On**).
- ❖ Makes unified authentication easier for genuine users only.
- ❖ Provides centralized control regarding who accesses what resources/data.
- ❖ Confirms the identity by authentication through multiple robust steps/mechanisms.

- ❖ **Self-service to users:** Minimal configuration needed to provide the complete self-service feature.
- ❖ **Single Sign-On (SSO) for different department users.**
 - Multiple businesses departments can share the same user base.
 - Relieves the users from remembering multiple passwords.
- ❖ **Painless recovery of access to legitimate users.**
 - Contacting the tech support is avoided.
- ❖ **Easily integrates with Enterprise Authenticators:** Google, Microsoft etc.
- ❖ **High reliability and high availability** and can scale up or down depending on the workload.
- ❖ **Multi-factor Authentication (MFA):**
 - Auth supports **10+** MFA options such as Email OTP, SMS OTP, WhatsApp OTP, IVR, FIDO, Push Notification, TOTP etc.
- ❖ **Password Policy Management:**
 - Manage parameters like Password strength, validity and breach checks.

- ❖ **Out-of-the-box compliance to the security requirements and regulations.**
- ❖ Supports customization of web pages for authentication.
- ❖ **Interacts with multiple authentication protocols**
 - Supports OAuth2.0, OIDC, SAML 2.0, RADIUS, Kerberos
 - LDAP, Classical Login
 - Password-less auth, Social Logins.
- ❖ **Supports multiple communication channels and templates.**
 - Supports Email, SMS, IVR, and Push Notification.
- ❖ **Complies with region-specific security guidelines.**
